SportBase™

A Revolutionary "Green" Concrete Replacement

Sub-Base

Eliminate Concrete

- Eliminates the need for a concrete pad and creates a portable court system
- Replaces pervious concrete and avoids hardscape restrictions
- Reduce the need for heavy equipment and avoid easement limitations

SportBase™

Eco-Friendly

- Average court install saves the energy equivalent of the amount of electricity used in a typical US home in one year*
- Average court install reduces more carbon than eliminating 5,600 miles of car driving*
- Made from 100% recycled plastic and is recyclable
- Water drains directly through — No environmental runoff issues

Sport Court® Backyard Court

Safety & High Performance

- 2 to 3 times the shock absorption of any other outdoor court system
- The highest head-impact rating to help protect against injuries from falls
- Outstanding ball bounce

*As compared to concrete per testing conducted by SWCA Environmental Consultants
